Utah Transit Authority  
PO Box 30810  
Salt Lake City Utah 84130-0810

Dear Mr. Martelly:

Congratulations and welcome to Clean Utah. Your application successfully passed the compliance screen by the Utah Department of Environmental Quality, the Salt Lake Valley, Utah County, and Weber-Morgan Health Departments, and the U.S. Environmental Protection Agency.

We list all of our Clean Utah participants on the DEQ website ([www.deq.utah.gov/cleanutah](http://www.deq.utah.gov/cleanutah)). We will add UTA to our Entry Level members and include a copy of this letter and of your application. Please contact Renette Anderson at either 536-4478 or [renetteanderson@utah.gov](mailto:renetteanderson@utah.gov) and let her know the website address you'd like us to include on this page. She will also assist you with any other questions you may have regarding the Clean Utah program. As we discussed earlier, your ISO14001 certification should meet our Environmental Management Systems (or EMS.) requirement. Once your EMS has been in place for one complete cycle, you will be eligible for our Partner Level. This is the level where the incentives and formal recognition, including use of the Clean Utah logo, become available to participants.

Again, welcome. We look forward to continued association with UTA.

Best Regards,

Dianne R. Nielson, Ph.D.  
Executive Director
